

CDSL MyEasi – Investor Mobile Application

CDSL (Central Depository Services (India) Limited), in coordination with SEBI, has introduced the enhanced **CDSL MyEasi investor mobile application** to provide investors with a convenient, secure, and transparent way to access their securities market information.

The MyEasi app offers a **consolidated and comprehensive view of investors' holdings across both depositories (CDSL & NSDL)**, enabling investors to track and manage their portfolios from a single platform.

Key Features of CDSL MyEasi App

Through the MyEasi application, investors can:

- View **consolidated securities holdings** across both depositories
- Access **holding statements and transaction statements**
- Monitor **open positions and margin details** across Stock Exchanges and Clearing Corporations
- Participate in **e-voting on company resolutions**
- View **proxy advisors' recommendations** on resolutions

Benefits to Investors

- Single login for complete portfolio view
- Real-time and secure access to securities information
- Improved transparency and better portfolio tracking
- Convenient digital platform backed by CDSL & SEBI

How to Access CDSL MyEasi

Investors can access the platform through:

Mobile App:

- Android:
<https://play.google.com/store/search?q=CDSL%20MyEasi&c=apps>
- iOS:
<https://apps.apple.com/in/search?term=CDSL%20MyEasi>

Web Platform:

- CDSL Easi / Easiest:
<https://web.cdslindia.com/myeasi/home/login>

Investor Advisory

As advised by SEBI and CDSL, investors are encouraged to download and actively use the **CDSL MyEasi App** to conveniently monitor and manage their demat holdings in a secure digital environment.

This initiative is in the interest of investors to enhance awareness, transparency, and ease of access to securities-related information.
